MEMORANDUM FOR THE RECORD

Morning Meeting of 17 November 1967

The Director announced that he would be going on the Hill this morning.

DD/I showed the Director some photographs of a dummy ICBM site in the Soviet Union.

Godfrey reported that the recent strike against Bac Mai resulted in damage to the British Consulate, the Soviet Attache's office, and the ICC Headquarters.

Godfrey initiated a discussion of the atmosphere in the Middle East, noting that it is disturbingly similar to the situation which existed just prior to the hostilities in June.

The Director asked about the outcome of the recent elections in the Philippines. He requested comments on reports that the Japanese public is disappointed with the outcome of Sato's visit. He also asked about the status of Schramme's mercenaries in Rwanda.

Kent said that the necessary revisions to the Greek Estimate will be reviewed with the USIB reps on Monday and that the USIB will probably be able to clear the Estimate by telephone.

DD/S reported that the recruiting situation in Syracuse has eased.

Warner provided the Director with additional information on Senator Eastland's favorable attitude toward RFE/RL.

Warner reported that Senators Anderson and Smith have requested an informal briefing later this month on Soviet space developments. The Director agreed.

DD/P noted that the State Department has instituted travel restrictions because of budgetary problems and requested that the Agency follow suit [REDACTED]
